

PRIZES/MAP

OPERATION TEEN SAFE DRIVING

PRIZES

Illinois will be broken into seven regions. A total of 105 high schools across the state will be awarded \$1000 start-up grants to institute a teen-led traffic safety program in January 2008.

In May 2008, top high schools will be invited to **Ford Motor Company Driving Skills for Life (DSFL) Ride & Drives**. Professional drivers will give teens behind the wheel instruction in Hazard Recognition/Accident Avoidance, Vehicle Handling/Skid Control and Speed/Space Management.

First-place high schools from each region will be awarded \$5000 for a safe after-prom party. Additional prizes will be determined later.
